

Tic Tac Toe — Android (Java + XML)

From Code to Play – My Own Tic Tac Toe Game!

Features:

- Clean UI with a vibrant gradient background
- Smooth gameplay with instant winner detection
- Auto-restart for endless rounds

Why I Built This:

- Strengthen Java & XML skills
- Practice game state management & event-driven programming
- Build a fun, polished mini-project

What's Next:

- Score tracking
- Sound effects and animations
- 2-player online mode
